

Printing from your mobile

No service! No help! Self-service only!

copierer 5 Brother MFC-J5330DW left of the exit

What you want to print must be on the phone, because once you are connected to the printer, there is **no longer an internet connection!**

1. Scan QR code (with camera or QR code scanner app)

5

or

WLAN-Netzwerk: **DIRECT-b8MFC-J5330DW** Pass: **x87dceF2**

1. Open what you want to print

2. Click on Print (usually via the  three dots menu)

3. Select copierer **Brother MFC-J5330DW**

4. Check print settings (e.g. paper size **A4**)

5. Tap  or print to print (depending on your phone)

Otherwise customer PCs (on the shop window) with three more options!

- Connect your cell phone directly
- Access your own email via the Internet
- Send to kunde@tintendiscounter.com and open via Email App
